Work Experience

After School Instructor | Mad Science: December 2019 – March 2020:

As an after-school instructor, I had the privilege of fostering a passion for learning in young minds. I designed engaging lesson plans, facilitated hands-on experiments, and created a supportive classroom environment. This experience allowed me to develop excellent communication and presentation skills, as well as the ability to adapt content to different age groups.

Server | IHOP: June 2020 – September 2020:

As an Overnight Waitress at IHOP during the challenging times of the pandemic in 2020, I demonstrated unwavering dedication, adaptability, and commitment to providing essential services while ensuring the safety and satisfaction of our valued patrons.

Server & Bartender | Dallas Country Club: September 2020 – Current:

In my current role at a prestigious country club, I have continued to build on my hospitality expertise. As a bartender and server, I have developed strong multitasking abilities, ensuring a seamless dining experience for members and their guests. My attention to detail, exceptional customer service, and ability to work under pressure have contributed to the club's reputation for excellence.

Web. Developer | Free Lancing: Februrary 2024 – Current:

As a certified full stack web developer, I consult with clients to understand their requirements and ensure satisfaction throughout the development process. Leveraging a diverse skill set, I create dynamic and responsive web applications tailored to meet client needs. I enhance functionality and accessibility through the use of various technologies and tools, while maintaining efficient project management and deployment practices. With expertise in user authentication and the latest web development practices, I deliver scalable and feature-rich web solutions that exceed client expectations.

Education

August 2018-May 2022

Dallas College Eastfield, 3737 Motley Dr, Mesquite, Tx, 75150– *Associates of science.*

August 2023-Current

Southern Methodist University, 6425 Boaz Ln, Dallas Tx 75205–*Certified Full Stack Developer (CFSD)*

Certification

Full Stack Web Certification | Southern Methodist University

Throughout the rigorous 24-week coding bootcamp, I delved into a dynamic learning atmosphere, mastering a diverse array of programming languages. Engaging in collaborative group projects, I demonstrated versatility by seamlessly transitioning between independent work and teamwork. Meticulously managing my time, I adeptly navigated tight deadlines, refining my problem-solving abilities and solidifying my software development expertise. This immersive experience not only sharpened my adaptability but also underscored my capacity for effective collaboration within a dynamic and fast-paced environment.

OSHA 10 Hour Certification

Completing the OSHA 10-hour course was a pivotal step in my commitment to ensuring safety and precaution in various work environments. Through this comprehensive training, I gained invaluable insights into identifying potential hazards and implementing preventive measures to mitigate risks effectively. Equipped with knowledge on occupational safety standards and protocols, I am dedicated to promoting a culture of safety and prioritizing the well-being of individuals in every professional setting.
